Cal OES Internal Statewide Incident Briefing

2000 hours, July 03, 2019

Yosemite is home to three different types of coyotes—the mountain, valley and desert. Pictured above is a mountain coyote. Mountain coyotes live in higher altitudes and are known for their thick fur.

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2019-LAW-2930, 07/01/19, 0845 hours:** Tehama County requested 4 HRD K-9's teams for a search of an area where a skull was located off Hwy. 32. Shasta County will provide one of the teams and the State K-9 Coordinator will assist with the other three teams. The mission is set for July 9th. **MISSION ONGOING**
- **2019-LAW-2914, 06/29/19, 1624 hours:** AFRCC reported a possible ALNOT-Stolen Aircraft (N3504A) from Santa Cruz County. The plane was discovered missing on Wednesday, 06/26/19, at approximately 2030 hours. The plane is owned by a club with multiple members/owners, and there were no planned flights for that plane during that time frame. AFRCC could not complete a forensic RADAR of the plane without a distinctive criminal element. The case was turned over to Watsonville PD, who is investigating the case. US Coast Guard was notified of the missing aircraft and received a track of a *possible* plane (from AFRCC) that left Santa Cruz around the same time as N3504A. That track, per AFRCC dropped off the RADAR 3.7 miles off the coast of San Mateo County. A follow up investigation with the airport, flight instructors at the club, AFRCC, US Coast Guard, San Mateo SAR and Watsonville PD is being conducted. **Update:** US Coast Guard searched the area of the last known point of the suspected flight path of the aircraft 3.7 miles off the coast of Ano Nuevo State Park with negative results. Watsonville PD is conducting an investigation into the subject that the flight club believes was the pilot of N24580. **Update: 07/01/19:** Watsonville PD has entered the suspect/subject into the MUPS system as a mission person. His car was located at the airport near N3504A designated spot, his phone and wallet were located in his apartment and the family has not heard from him in several days. CalOES is reaching out to NTSB for forensic RADAR tract of plane to assist Watsonville with their investigation. **MISSION ONGOING**

Cal OES MISSION TASKING

Cal OES Missions

- No missions to report.

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
